

THE NEW

M5

Starting price from
\$145,880.20

THE BENCHMARK OF HIGH-PERFORMANCE SEDANS

The new edition of the high-performance sedan sees BMW M taking another step in its evolution towards electrification. The combination of combustion engine and electric motor in the new BMW M5 is closely related to the drive system in the BMW M Hybrid V8 endurance racing car.

The All-new BMW M5 with the 4.4-litre M TwinPower Turbo V8 and the GEN5 electric hybrid motor produce a maximum system output of 717 hp, and maximum system torque of 738 lb-ft.
